| 3:00  |        |         |           |          |        |
| 4:00  |        |         |           |          |        |

Tip: write each child's classes in their own color, and put live online classes in first — they're the fixed points everything else flexes around.

# Our Daily Routine

A flexible order of the day — keep the sequence, let the times flex

| Block     | What we're doing |
|-----------|------------------|
| Morning   |                  |
|           |                  |
|           |                  |
| Lunch     |                  |
| Afternoon |                  |
|           |                  |
|           |                  |
| Wind-down |                  |

| Today's must-dos         |
|--------------------------|
| <input type="checkbox"/> |
| <input type="checkbox"/> |
| <input type="checkbox"/> |
| <input type="checkbox"/> |
| <input type="checkbox"/> |

- Anchor the day on meals and a consistent start.
- Younger kids need far less seated time — keep blocks short.
- Protect one quiet, independent block so you can rotate between kids.

# Every Class & Login

One place for every class's day, time, platform, and join link — so mornings stop being a scramble

| Child | Class / Subject | Day & Time | Platform | Login / Join link |
|-------|-----------------|------------|----------|-------------------|
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
|       |                 |            |          |                   |
